

IGNITE THE FUTURE OF PHYSIO

Conference program

BRISBANE 5-7 OCTOBER

The Australian Physiotherapy Association acknowledges the Turrbal and Yuggera Peoples of Meeanjin, the owners of the land where we gather today and pay our respects to Elders past, present and emerging. We recognise their connection to Country and their role in caring for and maintaining Country over thousands of years. May their strength and wisdom be with us today.

PROGRAM SNAPSHOT

Thursday 5 October

- > Exhibition opens
- > Opening ceremony and keynote address
- > Breakout sessions: invited and abstracts
- > E-Poster presentations
- > Welcome reception and exhibition

Friday 6 October

- > Group breakfasts
- > Exhibition
- > Keynote addresses
- > Breakout sessions: invited and abstracts
- > E-Poster presentations

Saturday 7 October

- > Exhibition
- > Keynote addresses
- > Breakout sessions: invited and abstracts
- > E-Poster presentations
- > Conference closing
- > Conference dinner: Rock around the clock

Thursday 5 October 2023

Program correct at time of publication

OPENING PLENARY: 9.00 - 10.30AM

Room: GH 1 & 2

Welcome to Country
President's welcome and conference opening

Thinking ahead in a fast-changing world

Keynote Speaker: Gihan Perera

MORNING TEA: 10.30 - 11.00AM

CONCURRENT SESSION 1: 11.05 - 11.50AM

Animal Room: P 5	Aquatic Room: P 6	Cancer, Palliative Care & Lymphoedema Room: P 1	Cardiorespiratory Room: GH 4	Gerontology Room: P 2	Mental Health Room: P 7	Neurology A Room: P 9
<p>Theme: Cranial cruciate ligament (CCL) injury</p> <p>11.05am</p> <p>Optimising cranial cruciate ligament (CCL) injury outcomes. What can we learn from ACL research in humans? National Keynote Speaker: Stephanie Filbay</p>	<p>Theme: Aquatic exercise for heart disease and diabetes</p> <p>11.05am</p> <p>Aquatic exercise training for coronary heart disease and type 2 diabetes National Keynote Speaker: Anna Scheer</p>	<p>Theme: Cellulitis, lymphoedema & exercise</p> <p>11.05am</p> <p>Cellulitis: stopping the cycle Invited Speaker: Elizabeth Webb</p> <p>11.45am</p> <p>The effectiveness of early, unrestricted exercise programs on upper limb function following breast cancer surgery: a systematic review and meta-analysis Speaker: Tara Redemski</p>	<p>Theme: Post-ICU recovery and models of care</p> <p>11.05am</p> <p>Moving the needle on recovery outcomes for people following critical illness National Keynote Speaker: Selina Parry</p>	<p>Theme: Falls, physical activity and older adults</p> <p>11.05am</p> <p>Physical activity and falls: long-term patterns and bi-directional prospective relationships in Australian women Speaker: Venisa Wing Kwok</p> <p>11.20am</p> <p>Intervention Component Analysis (ICA) and Qualitative Comparative Analysis (QCA) of exercise to reduce falls in residential aged care Speaker: Rik Dawson</p> <p>11.25am</p> <p>Feasibility and acceptability of a falls prevention e-learning program for physiotherapists Speaker: Sze Ee Soh</p> <p>11.40am</p> <p>Adherence to exercise programs in community-dwelling older adults following a hip fracture: a systematic review Speaker: Sze Ee Soh</p>	<p>Theme: Lifestyle medicine</p> <p>11.05am</p> <p>Lifestyle medicine in mental health care National Keynote Speaker: Sam Manger</p>	<p>Theme: Functional neurological disorders</p> <p>11.05am</p> <p>How are patients with functional neurological disorder managed in Australian hospitals? An observational multi-site study Speaker: Dharsha Petrie</p> <p>11.20am</p> <p>Self-reported motor and non-motor symptoms in people with functional gait disorder: a cross-sectional study Speaker: Sara Issak</p> <p>11.35am</p> <p>Barriers and enablers to implementing a specialised Functional Neurological Disorder (FND) service Speaker: Lauren Pearce</p>

<p>Neurology B Room: P 11</p> <p>Theme: Spasticity 1</p> <p>11.05am</p> <p>Patient assessment, selection and management of surgery for lower-limb spasticity in adult-onset neurological conditions Speaker: Elizabeth Moore</p> <p>11.35am</p> <p>Controlling the Modified Tardieu Scale assessment speed to match joint angular velocities during walking impacts spasticity assessment outcomes Speaker: Megan Banky</p>	<p>Occupational Health Room: P 3 & 4</p> <p>Theme: Managing psychosocial workplace risk</p> <p>11.05am</p> <p>Contemporary legislation for psychosocial risks at work and relation to psychological and physical harm outcomes Invited Speaker: Sam Popple</p>	<p>Orthopaedic Room: P 10</p> <p>Theme: Technology and innovation</p> <p>11.05am</p> <p>The Melbourne e-scooter trial – how safe are they wheelie? Speaker: Emily Cross</p> <p>11.20am</p> <p>A virtual clinic for spine fractures - a safe alternative model of care Speaker: Emily Cross</p> <p>11.35am</p> <p>Can a new ward environment and intensive allied health staffing model enhance therapeutic opportunities in trauma care? Speaker: Christina Ekegren</p> <p>11.40am</p> <p>Acute hip fracture rehabilitation delivered by allied health assistants is feasible and adheres to hip fracture mobilisation guidelines Speaker: David Snowdon</p>	<p>Paediatric /Disability Room: M 3</p> <p>Theme: Physical activity and disability</p> <p>11.05am</p> <p>'A social activity that happens in the gym' – rethinking physical activity programs for adolescents and young adults with disability National Keynote Speaker: Nora Shields</p> <p>11.35am</p> <p>Measuring participation in sports and physical recreation for people with disabilities: a systematic review Speaker: Georgina Clutterbuck</p>	<p>Pain Room: GH 3</p> <p>Theme: Chronic pain and role of physiotherapy</p> <p>11.05am</p> <p>Psychological and physical activity contributions to chronic pain- the role of physiotherapy National Keynote Speaker: James McAuley</p>	<p>Physiotherapy General Room: P 8</p> <p>Theme: Education</p> <p>11.05am</p> <p>Addressing the “black boxes” phenomenon in online learning using a student partnership approach Speaker: Clarice Tang</p> <p>11.20am</p> <p>Use of common humanity scenarios to promote understanding of compassion and empathic distress in physiotherapy students – a pilot study Speaker: Annemarie Lee</p> <p>11.35am</p> <p>Aligning inter-professional learning within Allied Health curricula to the discipline-specific professional competency standards and university interprofessional education accreditation requirements Speaker: Shari Maver</p> <p>11.40am</p> <p>Peer patient examinations are feasible, authentic, and predict clinical performance in physiotherapy students Speaker: Tayne Ryall</p>	<p>Women’s, Men’s & Pelvic Health Room: M 1 & 2</p> <p>Theme: Innovation in pelvic floor assessment</p> <p>11.05am</p> <p>Tight, toned or unknown? How are we assessing muscles for tone and why do we link tone with pain? National Keynote Speaker: Melissa Davidson</p> <p>11.35am</p> <p>Pelvic floor symptom trends in women attending virtual group physiotherapy from early to late pregnancy: considerations for early intervention Speaker: Hannah Graetz</p>	<p>International Keynote Room: GH1 & 2</p> <p>Theme: Red flags for potential serious spinal pathologies</p> <p>11.05am</p> <p>Red Flags: meeting the challenge of identifying serious pathology in clinical practice International Keynote Speaker: Laura Finucane</p>
---	---	--	--	---	--	--	---

CONCURRENT SESSION 2: 11.55AM - 12.40PM

<p>Acupuncture & Dry Needling Room: P 8</p> <p>Theme: Acupuncture for chronic musculoskeletal pain</p> <p>11.55am</p> <p>Acupuncture for chronic musculoskeletal pain: best evidence from international RCTs National Keynote Speaker: Nadine Foster</p>	<p>Advanced Practice Room: P 6</p> <p>Theme: Service delivery in advanced musculoskeletal physiotherapy</p> <p>11.55am</p> <p>Safety and appropriateness of management of urgent neurosurgery referrals by advanced musculoskeletal physiotherapists in a tertiary hospital: a service evaluation Speaker: Matt Stewart</p> <p>12.10pm</p> <p>Implementation of an evidence-based pathway and outpatient clinic for patients presenting to an emergency department with low back pain Speaker: Rosalie Gan</p> <p>12.25pm</p> <p>The value of an advanced practice physiotherapist-led new patient rheumatology service: a clinical audit of the musculoskeletal assessment Speaker: Sarah Schwetlik</p> <p>12.30pm</p> <p>Understanding episode of care characteristics for Indigenous Australians in the neurosurgical/orthopaedic physiotherapy screening clinic and multidisciplinary services: healthcare providers perspectives Speaker: Eliza Watson</p> <p>12.35pm</p> <p>Exploring episode of care equity between Indigenous and Non-Indigenous Australians within neurosurgical/orthopaedic physiotherapy Speaker: Alistair McDougall</p>	<p>Animal Room: P 5</p> <p>Theme: Canine and equine physio</p> <p>11.55am</p> <p>Rehabilitation in dogs following TPLO for CCL Speaker: Katrinka Geelen</p> <p>12.10pm</p> <p>Effect of caudal traction on mechanical nociceptive levels in a group of horses with clinical signs of back pain Speaker: Kathym Long</p> <p>12.25pm</p> <p>Key movements to observe when assessing quality of movement in horses Speaker: Annette Bowen</p>	<p>Aquatic/ Cardiorespiratory Room: P 11</p> <p>Theme: Practical application of aquatic physiotherapy for cardiac conditions and inpatient services</p> <p>11.55am</p> <p>Clinical considerations for aquatic exercise and cardiac conditions Invited Speaker: Julie Adsett</p> <p>12.25pm</p> <p>Aquatic physiotherapy for the geriatric evaluation management population Speaker: Judy Goroncy</p>	<p>Cardiorespiratory A Room: P 1</p> <p>Theme: Cystic fibrosis and bronchiectasis</p> <p>11.55am</p> <p>Modern management of cystic fibrosis: excitement, challenges and opportunities Invited Speaker: Nathan Ward</p> <p>12.25pm</p> <p>Treatable traits in bronchiectasis – new traits and treatments Speaker: Kirsty Watson</p>	<p>Cardiorespiratory B Room: P 2</p> <p>Theme: Breathlessness and impact of critical illness in the ICU setting</p> <p>11.55am</p> <p>Experience, impacts and influences on breathlessness amongst people receiving care in the Intensive Care Unit (ICU): a qualitative interview study Speaker: Leigh Rushworth</p> <p>12.10pm</p> <p>Health professionals perceptions of dyspnoea assessment and management within the Intensive Care Unit setting - a quality improvement survey Speaker: Leigh Rushworth</p> <p>12.25pm</p> <p>The impact of critical illness on patient's physical function and recovery: an explanatory mixed-methods analysis Speaker: Michelle Paton</p>	<p>Disability/ Paediatrics Room: P 3 & 4</p> <p>Theme: Cultural safety and co-designed research and service delivery</p> <p>11.55am</p> <p>Working it "Our Way". Delivering culturally responsive therapy to families living with Machado Joseph Disease Invited Speakers: Alison Grootendorst, Julie Wunungmurra</p> <p>12.25pm</p> <p>Co-design of research Panel: Nora Shields, Julie Wunungmurra, Alison Grootendorst, Georgina Clutterbuck</p>
---	--	---	--	---	--	---

LUNCH: 12.40 - 1.40PM

E-POSTER PRESENTATION: 12.50 - 1.32PM. See full schedule on pages 30-33

<p>Gerontology Room: GH 3</p> <p>Theme: Physical activity and falls</p> <p>11.55am</p> <p>Falls in older adults: evidence and implications National Keynote Speaker: Cathie Sherrington</p>	<p>Mental Health Room: P 7</p> <p>Theme: The mind-body balance</p> <p>11.55am</p> <p>How meditation relaxes deeply engrained habits Invited Speaker: Ruben Laukkonen</p> <p>12.25pm</p> <p>Considering the principles of trauma-informed care to increase psychological safety, trust, choice, collaboration and empowerment in physiotherapy practice Speaker: Sophie Heywood</p>	<p>Musculoskeletal Room: M1 & 2</p> <p>Theme: Tendinopathy</p> <p>11.55am</p> <p>Lateral elbow tendinopathy: understanding the challenging presentations Invited Speaker: Viana Vuvan</p> <p>12.25pm</p> <p>An international survey of physiotherapy practises in the clinical assessment of lateral elbow tendinopathy Speaker: Luke Heales</p>	<p>Neurology Room: GH 4</p> <p>Theme: Stroke and technology</p> <p>11.55am</p> <p>Telehealth and technology in stroke recovery, rehabilitation and secondary prevention National Keynote Speaker: Coralie English</p>	<p>Occupational Health Room: P 10</p> <p>Theme: Work injury prevention and environment</p> <p>11.55am</p> <p>The effect of heat on workers' health and productivity Invited Speaker: Paul Rothmore</p>	<p>Pain Room: P 9</p> <p>Theme: Physical and psychological approaches for chronic pain</p> <p>11.55am</p> <p>Differential structural brain changes between responders and non-responders after physical exercise therapy for chronic nonspecific neck pain Speaker: Rutger MJ de Zoete</p> <p>12.10pm</p> <p>Effectiveness of physiotherapist-delivered psychological treatments for neck pain: a systematic review with meta-analysis Speaker: Scott Farrell</p> <p>12.30pm</p> <p>The effect of pain education combined with virtual reality on pain and kinesiophobia in individuals with persistent low back pain Speaker: Peter Window</p> <p>12.35pm</p> <p>Diagnostic information has an immediate effect on pain with loading in people with Achilles tendinopathy: a randomized clinical experiment Speaker: Mervyn Travers</p>	<p>Sports & Exercise Room: GH 1 & 2</p> <p>Theme: Knee injury</p> <p>11.55am</p> <p>HERknee: Can physiotherapists prevent the burden of knee injury for women? National Keynote Speaker: Kay Crossley</p>	<p>Women's, Men's & Pelvic Health Room: M 3</p> <p>Theme: Musculoskeletal pain in the pelvis</p> <p>11.55am</p> <p>Hip and groin pain in women: epidemiology, aetiology and burden Invited Speaker: Andrea Mosler</p> <p>12.25pm</p> <p>"It can be managed quite well with physiotherapy": perceptions and experiences of Australian healthcare professionals towards pregnancy-related pelvic girdle pain Speaker: Dragana Cefrnja</p>
--	--	--	--	---	--	--	---

CONCURRENT SESSION 3: 1.40 - 2.25PM

<p>Acupuncture & Dry Needling Room: P 5</p> <p>Theme: Needling techniques for tendon pathologies</p> <p>1.40pm</p> <p>Needling tendons with tendinopathies, tears or calcifications: aetiology, techniques and the evidence to date Invited Speaker: Leigh McCutcheon</p>	<p>Cardiorespiratory Room: GH 4</p> <p>Theme: Medico-legal ramifications and simulation in education</p> <p>1.40pm</p> <p>Human error or outright negligence? Analysis of a medico-legal case occurring in an intensive care unit Invited Speaker: Jennifer Paratz</p> <p>2.10pm</p> <p>The role of near peer-led simulation in physiotherapy education: a mixed methods study Speaker: Catherine Granger</p>	<p>Gerontology Room: M 3</p> <p>Theme: Dementia care</p> <p>1.40pm</p> <p>Challenges, solutions and successes of physiotherapy for people with dementia and their carers Invited Speaker: Keith Hill</p>	<p>Mental Health Room: P 7</p> <p>Theme: Beyond biomedical</p> <p>1.40pm</p> <p>Assessing biopsychosocial impairments in Achilles tendinopathy Speaker: Peter Malliaras</p> <p>2.10pm</p> <p>Using a virtual group-based reflective practice framework to explore psychologically challenging aspects of care in a tertiary hospital Speaker: David Priddle</p>	<p>Musculoskeletal A Room: M 1 & 2</p> <p>Theme: Specialist physiotherapists, adolescent scoliosis and n=1 study design</p> <p>1.40pm</p> <p>Qualitative experience of patients with back pain at high-risk of delayed recovery: early access to specialist physiotherapy care (PACE-MSK trial) Speaker: Anton Mikhailov</p> <p>1.55pm</p> <p>Is adolescent idiopathic scoliosis (AIS) associated with differences in bone health, lean mass and eating disorders? Speaker: Andrew Claus</p> <p>2.10pm</p> <p>The value of N-of-1 studies in musculoskeletal physiotherapy - lessons from a systematic review Speaker: Andrea Hams</p>	<p>Musculoskeletal B Room: P 2</p> <p>Theme: Digital health</p> <p>1.40pm</p> <p>Establishing a core capability framework and training requirements for physiotherapists providing care via telehealth in a public outpatient setting Speaker: Sarah Featherston</p> <p>1.55pm</p> <p>Telehealth provides similar clinical outcomes to in-person care for the management of chronic back pain: a pilot non-randomised clinical trial Speaker: Michelle Cottrell</p> <p>2.10pm</p> <p>Evaluation of MyPainHub: a one-stop online resource for people with musculoskeletal conditions and their healthcare professionals Speaker: Jonathan Ko</p>	<p>Neurology Room: GH 3</p> <p>Theme: Spinal cord injury</p> <p>1.40pm</p> <p>Evidence-based physiotherapy for people with spinal cord injuries: our program of generating, collating and disseminating the evidence Invited Speaker: Lisa Harvey</p>	<p>Occupational Health Room: P 1</p> <p>Theme: Work injury workers compensation reporting and technology</p> <p>1.40pm</p> <p>Development and initial application of a harmonised multijurisdictional work injury compensation database Speaker: Michael Di Donato</p> <p>1.55pm</p> <p>Wellbeing outcomes after finalising a workers compensation claim: a scoping review Speaker: James Weir</p> <p>2.10pm</p> <p>Wellbeing after finalising a workers compensation claim: a cross sectional study Speaker: James Weir</p>
--	---	---	---	---	--	--	---

THE IGNITE EVENT APP HAS ALL YOUR CONFERENCE INFORMATION IN ONE HANDY SPOT.

<p>Orthopaedic Room: P 3 & 4</p> <p>Theme: Optimising recovery post arthroplasty</p> <p>1.40pm</p> <p>Short stay arthroplasty Invited Speaker: Ilana Ackerman</p> <p>2.10pm</p> <p>The Knee Arthroplasty Physiotherapy Pathways (KAPPA) trial Speaker: Larissa Sattler</p>	<p>Paediatric A Room: P 10</p> <p>Theme: Management of premature infants</p> <p>1.40pm</p> <p>Ability of early parent-reported questionnaires and clinical assessments to explain motor performance of extremely preterm infants at two years Speaker: Laura Anderson</p> <p>1.55pm</p> <p>PreEMPT (Preterm infant Early intervention for Movement and Participation Trial): using video coding to evaluate content fidelity Speaker: Chelsea Mobbs</p> <p>2.10pm</p> <p>Ultra-early parent-administered physiotherapy to improve motor outcomes in infants at high-risk of cerebral palsy or motor delay Speaker: Barbara Lucas</p>	<p>Paediatric B Room: P 6</p> <p>Theme: Management of children with joint hypermobility</p> <p>1.40pm</p> <p>Impact of generalised joint hypermobility and musculoskeletal pain on motor function, activity levels and quality of life in children Speaker: Elizabeth Hornsby</p> <p>1.45pm</p> <p>Hand impairment and function in children and adolescents with heritable disorders of connective tissue who exhibit symptomatic joint hypermobility Speaker: Clifton Chan</p> <p>2.00pm</p> <p>Outcomes of a custom-made orthotic intervention for children and adolescents with symptomatic joint hypermobility Speaker: Mo Maarj</p> <p>2.15pm</p> <p>Exercise for managing Postural Orthostatic Tachycardia Syndrome in adolescents and young adults with symptomatic joint hypermobility: a scoping review Speaker: Karen Peebles</p> <p>2.20pm</p> <p>Discussion</p>	<p>Sports & Exercise A Room: P 8</p> <p>Theme: Anterior cruciate ligament injury</p> <p>1.40pm</p> <p>Online information about the management of anterior cruciate ligament ruptures in Australia: a content analysis Speaker: Andrew Gamble</p> <p>1.55pm</p> <p>Understanding fear after an anterior cruciate ligament injury: a qualitative thematic analysis using the common-sense model Speaker: Cameron Little</p> <p>2.10pm</p> <p>A massive part of rehab is between the ears; barriers and facilitators of anterior cruciate ligament rehabilitation: a focus-group analysis. Speaker: Adam Walker</p>	<p>Sports & Exercise B Room: P 11</p> <p>Theme: What roles do trunk muscles and neck strength play in sports-related concussion? (Symposium)</p> <p>1.40pm</p> <p>Exploring associations between trunk muscle size/ function and concussion injuries in professional rugby league players Speaker: Julie Hides</p> <p>1.55pm</p> <p>The relationship between trunk muscle size and neck strength in professional rugby league players Speaker: Felix Leung</p> <p>2.10pm</p> <p>Neck strength and concussion history in combat sport athletes Speaker: Daniel Brown</p>	<p>Women's, Men's & Pelvic Health Room: P 9</p> <p>Theme: Physical activity and exercise during pregnancy</p> <p>1.40pm</p> <p>Physical activity in Australian women during pregnancy Speaker: Dragana Cepnja</p> <p>1.50pm</p> <p>A consumer co-created infographic improves knowledge about physical activity and self-efficacy to exercise in women with GDM: a randomised trial Speaker: Anne Harrison</p> <p>2.00pm</p> <p>How-to: Integrating physiotherapy within an existing gestational diabetes service through the design and delivery of personalised exercise interventions for women Speaker: Sky Holland</p>	<p>International Keynote Room: GH 1 & 2</p> <p>Theme: Pain vulnerability</p> <p>1.40pm</p> <p>Pain is a whole person experience - a focus on 'pain vulnerability' and 'trauma-informed' care International Keynote Speaker: Lester Jones</p>

Head to your APP store, search the Event App and enter event code **IGNITE 23**. Download it now.

CONCURRENT SESSION 4: 2.30 - 3.15PM

<p>Animal Room: P 5</p> <p>Theme: Equine</p> <p>2.30pm</p> <p>Insidious onset lameness and musculoskeletal pain in horses – food for thought Speaker: Lynne Harrison</p> <p>2.45pm</p> <p>Developing a scoring system and directives for equine quality of movement Speaker: Annette Bowen</p> <p>2.50pm</p> <p>Q & A</p>	<p>Cancer, Palliative Care & Lymphoedema Room: GH 3</p> <p>Theme: Physiotherapy and breast cancer rehabilitation</p> <p>2.30pm</p> <p>Physical rehabilitation after breast cancer surgery: the role of physiotherapy National Keynote Speaker: Deirdre McGhee</p>	<p>Disability Room: P 10</p> <p>Theme: Across the lifespan</p> <p>2.30pm</p> <p>Participation of people with disabilities across the lifespan: what does this mean for physiotherapy? Invited Speaker: Leanne Johnston</p> <p>3.00pm</p> <p>Exploring barriers and facilitators to participation in outdoor adapted cycling for young people with disability: providers' perspectives Speaker: John Carey</p>	<p>Gerontology Room: M 3</p> <p>Theme: Dementia</p> <p>2.30pm</p> <p>Engaging people with dementia, advocacy, and learning on-the-job are components in establishing excellence in physiotherapy dementia care: a qualitative study Speaker: Stephen Quick</p> <p>2.45pm</p> <p>Physiotherapy students are overwhelmed and underprepared to work with people living with dementia: a qualitative study Speaker: Stephen Quick</p> <p>2.50pm</p> <p>Panel discussion – Keith Hill, Kate Lawler, Kay Patterson</p>	<p>Musculoskeletal A Room: P 1</p> <p>Theme: Arthritis in Aboriginal and Torres Strait Islander peoples</p> <p>2.30pm</p> <p>Understanding the impact and tackling the burden of osteoarthritis with Aboriginal and Torres Strait Islander peoples Speaker: Penny O'Brien</p> <p>2.45pm</p> <p>"I believe if you know better, you do better": the perspectives of Aboriginal people with arthritis conditions on health information Speaker: Jane Linton</p> <p>3.00pm</p> <p>What education should be provided to Aboriginal and Torres Strait Islander peoples with osteoarthritis, rheumatoid arthritis and gout? Speaker: Brooke Conley</p>	<p>Musculoskeletal B Room: M 1 & 2</p> <p>Theme: Rotator cuff-related shoulder pain</p> <p>2.30pm</p> <p>How does exercise work for rotator cuff-related shoulder pain? A scoping review of randomised clinical trials Speaker: Jared Powell</p> <p>2.45pm</p> <p>What education to deliver and how to deliver it for rotator cuff-related shoulder pain: practical guidance for clinicians Speaker: Peter Malliaras</p>	<p>Neurology A Room: P 7</p> <p>Theme: Spasticity 2</p> <p>2.30pm</p> <p>The Modified Ashworth and Modified Tardieu Scales differ in their classification of lower-limb spasticity Speaker: Jack Beard</p> <p>2.45pm</p> <p>Hamstring hypertonicity and spasticity assessment: does the hip flexion angle impact assessment outcomes? Speaker: Megan Banky</p> <p>3.00pm</p> <p>Does the distribution and severity of lower-limb hypertonicity and spasticity impact walking speed in people with neurological injuries? Speaker: Hannah Ross</p>	<p>Neurology B Room: P 2</p> <p>Theme: Concussion</p> <p>2.30pm</p> <p>Management of persistent post-concussion symptoms: "How to" tips for physiotherapists Speaker: Emma Warner</p> <p>3.00pm</p> <p>The influence of referral time for treatment and outcomes of individuals with persistent post-concussive symptoms Speaker: Megan Hamilton</p>
---	--	---	---	--	--	--	--

AFTERNOON TEA: 3.15 - 3.55PM

PLENARY 2: 4.00 - 5.00PM

Room: GH 1 & 2

Physiotherapy: the hands-on profession

Keynote Speakers: Phillip Hughes, Amy Papinniemi, Helen Seale, Sarah Fitzhenry
Facilitator: Gwen Jull

WELCOME RECEPTION - EXHIBITION HALL: 5.15 - 7.15PM

<p>Occupational Health Room: GH 4</p> <p>Theme: OHP: International, national and local perspectives</p> <p>2.30pm</p> <p>Panel: Specialists and Titled OHP, MC Zac Lowth</p>	<p>Orthopaedic Room: P 3 & 4</p> <p>Theme: Opioids and arthroplasty</p> <p>2.30pm</p> <p>Opioids and arthroplasty Invited Speaker: Justine Naylor</p> <p>3.00pm</p> <p>Which patient factors best predict discharge destination after primary total knee arthroplasty? The ARISE Trial Speaker: Larissa Sattler</p>	<p>Paediatric Room: P 6</p> <p>Theme: Pain in schools: three very different evidence-based physiotherapy perspectives (Symposium)</p> <p>2.30pm</p> <p>Exploring the prevalence of paediatric chronic pain and school absenteeism for therapists working in schools: systematic review with meta-analysis Speaker: Jennifer Norton</p> <p>2.45pm</p> <p>Targeting pain science education with a children's book: a Single Case Experimental Design (SCED) study with a sham comparison Speaker: Joshua Pate</p> <p>3.00pm</p> <p>Do teacher's question the reality of pain in their students? A survey using the Concept of Pain Inventory-Proxy (COPI-Proxy) Speaker: Rebecca Fechner</p>	<p>Pain Room: P 11</p> <p>Theme: Patient care</p> <p>2.30pm</p> <p>Navigating patient distress Speaker: Ryan McGrath</p> <p>3.05pm</p> <p>Kindness, listening, and connection: patient and clinician key requirements for emotional support in chronic and complex care Speaker: Jane Bradshaw</p> <p>3.10pm</p> <p>The effect of health coaching on physical activity participation in adults with chronic non-cancer pain: a systematic review and meta-analysis Speaker: Talia Barnet-Hepples</p>	<p>Sports & Exercise Room: P 9</p> <p>Theme: Knee pain: injury mechanisms, prognosis, and rehabilitation</p> <p>2.30pm</p> <p>Knee osteoarthritis 25-years post anterior cruciate ligament reconstruction: a prospective study Speaker: Susan Keays</p> <p>2.45pm</p> <p>Exercise induced hypoalgesia in elite badminton athletes with and without knee pain Speaker: Brooke Coombes</p> <p>3.00pm</p> <p>Investigation of the nature of fear within ACL-Injured subjects when exposed to provocative videos: a concurrent qualitative and quantitative study Speaker: Cameron Little</p> <p>3.05pm</p> <p>Factors associated with fear and distress when viewing videos depicting challenges to knee stability Speaker: Suria Priya Varatharaja</p> <p>3.10pm</p> <p>Returning to elite basketball following unicompartmental knee arthroplasty in a 41yo female: a criteria-based progression Speaker: Paula Peralta</p>	<p>Women's, Men's & Pelvic Health Room: P 8</p> <p>Theme: Innovation in delivering obstetric physiotherapy</p> <p>2.30pm</p> <p>How-to: Supporting women and families in pregnancy, birth and beyond: a co-designed, evidence-based perinatal education program delivered via multiple formats Speaker: Sheridan Guyatt</p> <p>2.55pm</p> <p>Co-designing a physiotherapy-led intervention to improve the mental health of postnatal women Speaker: Sheridan Guyatt</p> <p>3.10pm</p> <p>Comparing perceived heating effect and intensity of therapeutic ultrasound between breast tissue and calf muscle in lactating women: observational study Speaker: Lauren Neill</p>	<p>International Keynote Room: GH 1 & 2</p> <p>Theme: Long COVID rehabilitation</p> <p>2.30pm</p> <p>Long COVID: pathobiology and pragmatic tips for treatment and care of patients International Keynote Speaker: David Putrino</p>
---	---	---	---	---	--	---

Friday 6 October 2023

Program correct at time of publication

BREAKFAST: 7.00 - 8.15AM

<p>Acupuncture & Dry Needling Room: P 5</p> <p>7.00am</p> <p>Highlights of the Dunedin Longitudinal Study - as related to physiotherapy Presenter: David Baxter</p>	<p>Advanced Practice Room: M 1 & 2</p> <p>7.00am</p> <p>Advanced Practice: education and training. What does this mean for you, a national and international perspective and the development of national competencies? Presenters: Patrick Swete Kelly, Maree Raymer, Laura Finucane</p>	<p>Cancer, Palliative Care & Lymphoedema Room: P 6</p> <p>7.00am</p> <p>Chronic oedema: managing a hidden epidemic Presenter: Elizabeth Webb</p>	<p>Cardiorespiratory Room: P 1</p> <p>7.00am</p> <p>Ultrasonography in cardiorespiratory clinical practice Presenters: Sarah Wright, Luke Churchill</p>	<p>Disability Room: P 10</p> <p>7.00am</p> <p>What inclusion looks like Presenter: Nick Marshall</p>	<p>Gerontology Room: P 2</p> <p>7.00am</p> <p>What next for physio in aged care? A Q & A session Presenters: Rik Dawson, Jo Tan</p>

PLENARY 3: 8.45 - 10.00AM

Room: GH 1 & 2

Physio pitchfest - the PRF supporting innovation

Igniting our rebellious curiosity
Keynote Speaker: Yemi Penn

MORNING TEA: 10.00 - 10.30AM

Lead the future of the profession

Progress your career with the Australian College of Physiotherapists

AUSTRALIAN COLLEGE OF PHYSIOTHERAPISTS

australian.physio/college

<p>Neurology Room: P 3 & 4</p> <p>7.00am</p> <p>Technology and the physiotherapy profession, what are the implications and trends for physiotherapists? Presenters: Coralie English, Lisa Harvey, David Putrino, Yvonne Learmonth, Ryan Gallagher</p>	<p>Occupational Health Room: P 11</p> <p>7.00am</p> <p>Participative ergonomics as a method: a case study about planning the implementation of a participative hazard identification and risk management (APHIRM) toolkit Presenter: Karen Davies</p>	<p>Paediatric Room: P 7</p> <p>7.00am</p> <p>Contemporary perspectives on assessment and treatment of paediatric joint hypermobility Presenters: Verity Pacey, Elizabeth Hornsby</p>	<p>Sports & Exercise Room: M 3</p> <p>7.00am</p> <p>When imaging and pain science collide – navigating new information in the context of sport Presenter: Tasha Stanton Panel: Samantha Bunzli, Kevin Sims</p>	<p>Women's, Men's & Pelvic Health/Pain Room: P 9</p> <p>7.00am</p> <p>Laser therapy as an emerging modality for the treatment of vulvodynia – what we know and where to go Presenter: Linda McLean</p>

CONCURRENT SESSION 5: 10.35 - 11.20AM

Aquatic Room: P 5	Cardiorespiratory Room: P 3 & 4	Disability Room: P 10	Gerontology A Room: P 6	Gerontology B Room: M 1 & 2	Musculoskeletal A Room: P 1	Musculoskeletal B Room: P 2
<p>Theme: Aquatic physiotherapy for neurological conditions</p> <p>10.35am</p> <p>Revisiting screening and risk management in two very challenging areas of aquatic physiotherapy practice: seizures and incontinence Invited Speaker: Judy Larsen</p> <p>11.05am</p> <p>Exercise effectiveness on cognition, motor ability and memory of children/ adolescents with Attention Deficit Hyperactivity Disorder (ADHD): review and meta-analysis Speaker: Manny M.Y. Kwok</p>	<p>Theme: Jill Nosworthy session for best paper 1</p> <p>10.35am</p> <p>How do I test the waters? How do I go forward? Co-designing a supportive pathway after Intensive Care Unit admission Speaker: Alisha Da Silva</p> <p>10.50am</p> <p>Delayed recovery following COVID-19: preliminary findings from Australia's COVID-19 'epi-centre' Speaker: Cathy Said</p> <p>11.05am</p> <p>The effect of self-selected music listening during pulmonary rehabilitation in people with COPD: a multi-centre, randomised controlled trial Speaker: Annemarie Lee</p>	<p>Theme: Promoting capacities: what does the research tell us?</p> <p>10.35am</p> <p>Preferences of key stakeholders regarding community-based recreational activities for preschool-aged children born preterm: a mixed methods study Speaker: Free Coulston</p> <p>10.55am</p> <p>Could insufficient physical activity explain gross motor function decline in young people with complex cerebral palsy? A longitudinal intervention study Speaker: Iain Dutia</p> <p>11.00am</p> <p>Changes in gait speed in new lower limb prosthetic users within the first three months after inpatient prosthetic rehabilitation Speaker: Shea Teevan</p> <p>11.05am</p> <p>Oceans of opportunity – perspectives on beach-based therapy for people with disability: a survey of Australian physiotherapists and occupational therapists Speaker: Sasha Job</p> <p>11.10am</p> <p>Partnership-focussed Principles-driven Online co-Design (P-POD): a mixed-methods evaluation of a novel online co-design process Speaker: Free Coulston</p> <p>11.15am</p> <p>Fatigue experienced by people with cerebral palsy: a systematic review of assessment tools and decision tree Speaker: Iain Dutia</p>	<p>Theme: Patient voice, health service delivery</p> <p>10.35am</p> <p>It's a family decision: barriers and facilitators to participation in family-assisted therapy for older adults in transition care Speaker: Kate Lawler</p> <p>10.50am</p> <p>What influences surgery choice in older adults presenting to a perioperative care of the older persons undergoing surgery clinic? Speaker: Jared Tower</p> <p>11.05am</p> <p>Benign paroxysmal positional vertigo is highly prevalent in patients presenting to falls clinics with and without dizziness: an observational study Speaker: Susan Hyland</p>	<p>Theme: Implementing world guidelines on falls</p> <p>10.35am</p> <p>Implementing world guidelines on falls Invited Speaker: Melanie Haley</p> <p>11.05am</p> <p>Panel discussion: Cathie Sherrington, Melanie Haley, Anne-Marie Hill</p>	<p>Theme: Care in knee and hip osteoarthritis</p> <p>10.35am</p> <p>Recommendations for the management of hip and knee osteoarthritis: a systematic review of clinical practice guidelines Speaker: Ali Gibbs</p> <p>10.50am</p> <p>Investigating the 'how' of patient education for knee osteoarthritis: an online randomised controlled trial Speaker: Thorlene Egerton</p> <p>11.05am</p> <p>How do people with knee osteoarthritis respond to a video delivering empowering education about their condition and its management? Speaker: Thorlene Egerton</p>	<p>Theme: Care and screening for shoulder-related disorders</p> <p>10.35am</p> <p>Prevalence and physiotherapist awareness of shoulder pain and/or stiffness as an early symptom of Parkinson's Disease: an Australian perspective Speaker: Sarah Walmsley</p> <p>10.50am</p> <p>Usual care pathway for workers' compensation-related shoulder pain in Western Australia Speaker: Stephen Ranford</p> <p>11.05am</p> <p>Development and refinement of a self-reporting screening tool for diagnosis of rotator cuff related shoulder pain Speaker: Melanie Farlie</p>

<p>Neurology A Room: M 3</p> <p>Theme: Implementation science</p> <p>10.35am</p> <p>Igniting future practice with a scientific approach to implementation Invited Speaker: Jill Francis</p>	<p>Neurology B Room: P 7</p> <p>Theme: Upper limb in stroke</p> <p>10:35am</p> <p>Perseverance with home-based upper limb practice after stroke: perspectives of individuals with stroke and their significant others Speaker: Bridee Neiblin</p> <p>10:50am</p> <p>Implementation of constraint-induced movement therapy in stroke rehabilitation is about 'playing the long game': a systematic review of qualitative studies Speaker: Ashan Weekakkody</p> <p>11:05am</p> <p>Considerations for optimal recovery of the upper limb after stroke: in practice and in principle - a qualitative study Speaker: Matt Wingfield</p>	<p>Occupational Health Room: GH 1 & 2</p> <p>Theme: Injury prevention / good work design</p> <p>10.35am</p> <p>Promoting the value of good work for young and older workers – an important role for occupational physiotherapists in a post-pandemic world National Keynote Speaker: Leon Straker</p>	<p>Paediatric Room: P 9</p> <p>Theme: Key stakeholders in practice - children, parents and students</p> <p>10.35am</p> <p>The experiences of child survivors of posterior fossa brain tumours and their caregivers in a goal-directed therapeutic exercise program Speaker: Brooke Kohler</p> <p>10.40am</p> <p>An intensive splinting intervention to prevent palmar burn scar contracture in young children and parent experiences of implementing intervention Speaker: Rhianydd Thomas</p> <p>10.55am</p> <p>Clinical internships – a win win scenario Invited Speaker: Jan Hancock</p>	<p>Pain Room: P 8</p> <p>Theme: The complexity of implementing chronic pain management</p> <p>10.35am</p> <p>"It's complex" - The challenges and opportunities for physiotherapists who work with chronic pain patients Speaker: Ian Skinner</p> <p>10.50am</p> <p>Patient-related barriers and enablers to the implementation of high-value physiotherapy for chronic pain: a systematic review and meta-analyses Speaker: Cameron Dickson</p> <p>11.05am</p> <p>Supporting effective implementation of a biopsychosocial approach to musculoskeletal pain care through the behavioural lens Speaker: Wendy Ng</p>	<p>Sports & Exercise Room: GH 3</p> <p>Theme: Osteoarthritis: more than structural damage</p> <p>10.35am</p> <p>Thinking beyond the joint: a contemporary understanding of osteoarthritis for the athlete National Keynote Speaker: Tasha Stanton</p>	<p>Women's, Men's & Pelvic Health Room: P 11</p> <p>Theme: Persistent pelvic pain</p> <p>10.35am</p> <p>Australian healthcare professionals' beliefs and attitudes towards the management of chronic pelvic pain syndromes: a cross-sectional survey Speaker: Darren Beales</p> <p>10.50am</p> <p>Beliefs and experiences of females with chronic pelvic pain Speaker: Maria Del Pilar Martin Garcia</p> <p>11.05am</p> <p>Screening for psychosocial factors in individuals with pelvic pain. An e-Delphi study Speaker: Judith Thompson</p>	<p>International Keynote Room: GH 4</p> <p>Theme: Ageing well</p> <p>10.35am</p> <p>Ageing well: research lessons from the New Zealand National Science Challenge International Keynote Speaker: David Baxter</p>
--	---	--	--	--	--	--	--

CONCURRENT SESSION 6: 11.25AM - 12.10PM

<p>Acupuncture & Dry Needling Room: P 5</p> <p>Theme: Needling during Covid 19 and beyond, foot and ankle</p> <p>11.25am</p> <p>Acupuncture in the time of Covid 19 and beyond: challenges, threats & opportunities Invited Speaker: Panos Barlas</p> <p>11.45am</p> <p>Needling in the foot & ankle region, latest evidence, safety concerns & practical techniques: a lit review Invited Speaker: Leigh McCutcheon</p>	<p>Animal Room: P 10</p> <p>Theme: Pain and dysfunction in animals</p> <p>11.25am</p> <p>Moving with the times - the use of novel technology to assess pain and dysfunction in animal patients Invited Speaker: Sarah Cruickshank</p>	<p>Aquatic/Musculoskeletal Room: P 8</p> <p>Theme: Best practice healthcare for osteoarthritis</p> <p>11.25am</p> <p>Empowering people to move: exploring the clinical reasoning of experienced aquatic physiotherapists managing people with knee osteoarthritis Speaker: Sophie Heywood</p> <p>11.40am</p> <p>Using SUpported Motivational InTerviewing (SUMIT) to improve physical activity for people with knee osteoarthritis. A pilot, feasibility randomised controlled trial Speaker: Emily Bell</p> <p>11.55am</p> <p>Addition of lifestyle modifications to a traditional exercise program for the management of knee osteoarthritis: a systematic review and meta-analysis Speaker: Adrian Kan</p>	<p>Cardiorespiratory Room: P 3 & 4</p> <p>Theme: Jill Nosworthy session for best paper 2</p> <p>11.25am</p> <p>Feasibility, safety, and acceptability of electronic inspiratory muscle training in patients who require prolonged mechanical ventilation: a dual centre study Speaker: Bernie Bissett</p> <p>11.40am</p> <p>Using high-fidelity simulation to pilot an extubation cognitive aid for patients with acute cervical spinal cord injury Speaker: Alison Blunt</p> <p>11.55am</p> <p>Exploring functional outcomes in adults three months after major upper abdominal surgery: a mixed methods study Speaker: Meg Harrold</p>	<p>Gerontology A Room: P 6</p> <p>Theme: Telehealth</p> <p>11.25am</p> <p>Putting restorative care into focus: exploring the experiences of older people, physiotherapists and staff using physiotherapy telehealth in aged care Speaker: Rik Dawson</p> <p>11.40am</p> <p>Effects of an online yoga program (My Joint Yoga) in people with knee osteoarthritis: a randomized controlled trial Speaker: Kim Bennell</p>	<p>Gerontology B Room: M 1 & 2</p> <p>Theme: Physical activity and older adults (Symposium)</p> <p>11.25am</p> <p>Effectiveness and cost-effectiveness of physical activity programs for older adults: overview of reviews Speaker: Cathie Sherrington</p> <p>11.40am</p> <p>Bridging the gap: working together to support physical activity in older Australians Speaker: Catherine Said</p> <p>11.55am</p> <p>Looking beyond individual behaviour change: population approaches to increase physical activity in older people Speaker: Frances Batchelor</p>	<p>Musculoskeletal A Room: P 1</p> <p>Theme: Pain</p> <p>11.25am</p> <p>A genetic signature for chronic pain—using genome-wide association data to reveal mechanisms of chronic pain Invited Speaker: Scott Farrell</p> <p>11.55am</p> <p>Participatory design to co-create educational material for the lived experience of complex regional pain syndrome Speaker: Darren Beales</p>
--	--	--	---	---	---	--

LUNCH: 12.10 - 1.10PM

E-POSTER PRESENTATION: 12.20 - 1.04PM. See full schedule on pages 30-33

MINI KEYNOTE: 1.10 - 2.10PM

<p>Mini Keynote 1 Room: GH 1 & 2</p> <p>What's the buzz? The latest updates in mobile technology for physiotherapy Keynote Speakers: Daniel Harvie, Liliana Laranjo, Huong Ly Tong</p>	<p>Mini Keynote 2 Room: GH 3</p> <p>Ignite your passion for physiotherapy Keynote Speakers: Ellie White, Dharsha Petrie, Adam Doyle, Jennifer Lohmus</p>
---	---

<p>Musculoskeletal B Room: P 2</p> <p>Theme: Do labels and language shape people's beliefs about musculoskeletal pain? (Symposium)</p> <p>11.25am</p> <p>The influence of 'labels' for neck pain after road traffic injury on recovery expectations: an online-randomised vignette-based experiment Speaker: Yanfei Xie</p> <p>11.40am</p> <p>Diagnostic labels and advice for rotator cuff-related shoulder pain influence perceived need for shoulder surgery: an online-randomised experiment Speaker: Joshua Zadro</p> <p>11.55am</p> <p>Comparing effects of knee osteoarthritis educational information, with and without pathoanatomical content, on consumer management beliefs: an online randomised controlled trial Speaker: Belinda Lawford</p>	<p>Neurology A Room: P 7</p> <p>Theme: Traumatic brain injury</p> <p>11.25am</p> <p>Cardiorespiratory fitness assessment and training in the early sub-acute phase of recovery following traumatic brain injury: a systematic review Speaker: Sara Gallow</p> <p>11.40am</p> <p>Exercise-induced symptom exacerbation in moderate-to-extremely severe traumatic brain injury Speaker: Sara Gallow</p> <p>11.55am</p> <p>Physiotherapy delivery during the period of Post-Traumatic Amnesia (PTA) after moderate to severe Traumatic Brain Injury (TBI) Speaker: Michelle Kahn</p>	<p>Neurology B Room: M 3</p> <p>Theme: Technology</p> <p>11.25am</p> <p>Artificial Intelligence: a theoretical and practical application crash course for physiotherapists Speaker: Ryan Gallagher</p> <p>11.55am</p> <p>Rehabilitation technology: a mixed methods study of clinicians' uptake, experiences and perceptions Speaker: Louise Pearce</p>	<p>Paediatric Room: GH 4</p> <p>Theme: Optimising outcomes of at-risk infants</p> <p>11.25am</p> <p>Earlier biomarkers of neurodevelopmental outcomes in very preterm born infants: the ppremo, prebo and prebo-6 cohort studies Invited Speaker: Joanne George</p> <p>11.55am</p> <p>Associations between motor development at 2 years and physical activity at 4-5-years in children born very preterm Speaker: Tara Fitzgerald</p>	<p>Physiotherapy General Room: P 6</p> <p>Theme: College of Physiotherapy</p> <p>11.25am</p> <p>Welcome Invited Speaker: Tom McMillan</p> <p>11.33am</p> <p>Launch of Milestone 3 - Credential - Evidence Portfolio Pathway (Experiential) Invited Speaker: Richard Newsham- West</p> <p>11.46am</p> <p>Your career path to success: empowering careers and unlocking opportunities Invited Speakers: Steve Felsher, Alisa McLachlan</p> <p>12.02pm</p> <p>Panel: Tom McMillan, Barby Singer, Richard Newsham-West, Steve Felsher, Alisa McLachlan</p> <p>12.08pm</p> <p>Close of session Invited Speaker: Tom McMillan</p>	<p>Sports & Exercise Room: GH 3</p> <p>Theme: State of the art: management of anterior cruciate ligament injuries</p> <p>11.25am</p> <p>New paradigms in ACL injury management - a novel bracing protocol for ACL native healing combined with exercise based rehabilitation Invited Speaker: Jane Rooney</p> <p>11.55am</p> <p>Panel discussion: Jane Rooney, Kay Crossley, John Fitzgerald, Paula Peralta</p>	<p>Women's, Men's & Pelvic Health Room: P 11</p> <p>Theme: Persistent pelvic pain</p> <p>11.25am</p> <p>Optimising pain science education for women with persistent pelvic pain Invited Speaker: Jane Chalmers</p> <p>11.55am</p> <p>Does group physiotherapy help improve pain scores and reduce the impact of pelvic pain for women referred with persistent pelvic pain? Speaker: Rose Green</p>	<p>International Keynote Room: GH 1 & 2</p> <p>Theme: Work disability</p> <p>11.25am</p> <p>Evidence based practice for work disability prevention International Keynote Speaker: Dwayne van Eerd</p>
<p>Mini Keynote 3 Room: GH 4</p> <p>Climate change, biodiversity loss and physiotherapy: improving planetary and patient health Keynote Speakers: Kathryn Bowen, Jessica Stanhope, Gillian Webb</p>				<p>Mini Keynote 4 Room: M 3</p> <p>Sleep health and physiotherapy: what you may not know you need to know Keynote Speakers: Sara Winter, Charli Sargent</p>			

CONCURRENT SESSION 7: 2.15 - 3.00PM

<p>Advanced Practice Room: M 3</p> <p>Theme: Taking the headache out of headaches</p> <p>2.15pm</p> <p>Headache assessment: what is in and out of scope for physiotherapy? National Keynote Speaker: Ken Niere</p> <p>2.50pm</p> <p>Patient and service factors influence referral and multidisciplinary service usage in the state-wide neurosurgical/orthopaedic physiotherapy screening clinics and multidisciplinary services Speaker: Andrew Hislop</p> <p>2.55pm</p> <p>Clinical Frailty Scale provides negligible clinical benefit in predicting Emergency Department re-presentations following an initial visit for a fall Speaker: Loren Barton</p>	<p>Cancer, Palliative Care & Lymphoedema Room: P1</p> <p>Theme: Telehealth and exercise in cancer care</p> <p>2.15pm</p> <p>The future is here: implementing tele rehabilitation for cancer survivors Invited Speaker: Amy Dennett</p> <p>2.45pm</p> <p>Delivering supervised group exercise to patients with cancer via telehealth: an implementation study using the REAIM framework Speaker: Elise Gane</p>	<p>Cardiorespiratory A Room: M1 & 2</p> <p>Theme: Physiotherapy management following surgery</p> <p>2.15pm</p> <p>Incidence of complications after emergency abdominal surgery - Get Exercising (ICEAGE): a multi-centre randomised controlled trial Invited Speaker: Ianthe Boden</p> <p>2.45pm</p> <p>Do physiotherapists provide different interventions to patients with postoperative hypoxaemia? Speaker: Claire Hackett</p>	<p>Cardiorespiratory B Room: P 2</p> <p>Theme: Pulmonary rehabilitation and the management of breathlessness</p> <p>2.15pm</p> <p>Feasibility of delivered personalised self-management education about physical activity and sedentary behaviour to people undergoing pulmonary rehabilitation Speaker: Lili Tang</p> <p>2.30pm</p> <p>User experience testing of the mobile pulmonary rehabilitation (m-PR) app Speaker: Zoe McKeough</p> <p>2.45pm</p> <p>Engagement and adherence to the mobile Pulmonary Rehabilitation (m-PR) app Speaker: Sarah Brown</p> <p>2.50pm</p> <p>Synthesis of 'within workshop' feedback reflecting learning experiences of health professionals in the practical management of chronic breathlessness Speaker: Erin Lyons</p>	<p>Disability Room: P 5</p> <p>Theme: Participation in the Australian context</p> <p>2.15pm</p> <p>How to: Be creative in developing options for sports participation for young people with disabilities in the National Disability Insurance Scheme context Speaker: Louise Daniels</p> <p>2.45pm</p> <p>Delivering adapted cycling interventions for young people with disability in Australia- who's doing what? Speaker: John Carey</p> <p>2.50pm</p> <p>Tides of change – beach accessibility barriers and facilitators for older people and people with disability: an Australian community survey Speaker: Sasha Job</p>	<p>Gerontology Room: P 3 & 4</p> <p>Theme: Ageism</p> <p>2.15pm</p> <p>Opening our eyes to elder abuse Invited Speaker: Kay Patterson</p>	<p>Mental Health Room: P 9</p> <p>Theme: Vestibulo-cortical stimulation, emotional health and patient distress</p> <p>2.15pm</p> <p>Restoring brain-body equilibrium in chronic pain & mental health conditions with vestibulocortical stimulation therapy Invited Speaker: Trung Ngo</p> <p>2.45pm</p> <p>The many different forms of patient distress: an emotional challenge for physiotherapists Speaker: Ryan McGrath</p>	<p>Musculoskeletal Room: GH 4</p> <p>Theme: Nerve entrapment and polyneuropathies</p> <p>2.15pm</p> <p>An update on entrapment and polyneuropathies: implications for diagnosis and management (and life) National Keynote Speaker: Michel Coppieters</p>
--	--	--	---	--	--	--	--

AFTERNOON TEA: 3.00 - 3.30PM

<p>Neurology A Room: P 10</p> <p>Theme: Brain injury</p> <p>2.15pm</p> <p>Inter-disciplinary rehabilitation after mild traumatic brain injury - description of a clinical pathway Speaker: Simon Mills</p> <p>2.30pm</p> <p>Contributing factors to upper limb associated reactions during walking in people with acquired brain injury Speaker: Michelle Kahn</p> <p>2.45pm</p> <p>Physical exercise for people with mild traumatic brain injury: a systematic review of randomized controlled trials Speaker: Sally Vuu</p> <p>2.50pm</p> <p>MOVE-IT: a system for remote vestibular assessment and intervention following concussion Speaker: Selena Hutchins</p> <p>2.55pm</p> <p>Physical activity interventions for people with moderate-to-severe traumatic brain injury: a rapid systematic review and meta-analysis Speaker: Liam Johnson</p>	<p>Neurology B Room: P 11</p> <p>Theme: Physical activity in stroke 1</p> <p>2.15pm</p> <p>What is important to measure in physical activity after stroke? Opinions of expert clinicians and researchers Speaker: Natalie Fini</p> <p>2.30pm</p> <p>In stroke survivors, counting and recording repetitions and using target numbers increases intensity of practice: a randomised control trial Speaker: Simone Dorsch</p> <p>2.45pm</p> <p>Can therapeutic and behaviour change interventions increase physical activity after stroke? a systematic review Speaker: Niru Mahendran</p>	<p>Occupational Health Room: P 6</p> <p>Theme: Work, prevention and musculoskeletal disorders</p> <p>2.15pm</p> <p>Why are we still doing “how to lift” training in workplaces? Speaker: Sue Rogerson</p> <p>2.30pm</p> <p>Facilitated discussion</p>	<p>Orthopaedic Room: P 7</p> <p>Theme: Exercise and physical activity pre- and post-surgery</p> <p>2.15pm</p> <p>My PreHab Program – A hospital-initiated, community-based digital prehabilitation program Speaker: Eleanor Bills</p> <p>2.30pm</p> <p>Shoulder pre-operative exercise and education (spree) program for patients awaiting rotator cuff surgery: a randomised controlled trial Speaker: Peter Beshara</p> <p>2.45pm</p> <p>Joint replacement may be a valuable treatment for Aboriginal and Torres Strait Islander people with osteoarthritis, but uptake is low Speaker: Penny O'Brien</p> <p>2.50pm</p> <p>Walking self-confidence is associated with meeting recommended physical activity levels after hip fracture: a cross-sectional study Speaker: Kate Noeske</p> <p>2.55pm</p> <p>Discharge destination and long-term outcomes in patients with two or more non-weight bearing limbs receiving intensive allied health therapy Speaker: Jason Pereira</p>	<p>Paediatric Room: P 8</p> <p>Theme: Paediatric interventions and assessment</p> <p>2.15pm</p> <p>Interventions to improve physical function in cerebral palsy: development of a fidelity measure for clinicians Speaker: Rachel Toovey</p> <p>2.30pm</p> <p>A feasibility study of ‘CanMOVE’ to promote positive physical activity behaviours in children and adolescents undergoing acute cancer treatment Speaker: Sarah Grimshaw</p> <p>2.45pm</p> <p>Telehealth-preferred outpatient physiotherapy is equivalent to in-person physiotherapy for children with cystic fibrosis: a randomised controlled non-inferiority trial Speaker: Ray Lang</p>	<p>Pain Room: GH 3</p> <p>Theme: Musculoskeletal pain</p> <p>2.15pm</p> <p>From “damaged machine parts” to “active bodies”. Shifting the way we talk about musculoskeletal pain Invited Speaker: Samantha Bunzli</p>	<p>International Keynote Room: GH 1 & 2</p> <p>Theme: Technology and innovation - PF</p> <p>2.15pm</p> <p>Beyond sensitization: how changes in pelvic floor muscle excitability are implicated in vulvar pain and why it matters International Keynote Speaker: Linda McLean</p>
---	---	--	---	---	---	---

CONCURRENT SESSION 8: 3.35 - 4.20PM

Advanced Practice
Room: M 3

Theme: Advancing practice in neurological physiotherapy

3.35pm

Functional Neurological Disorder – a consideration in musculoskeletal presentations and other areas of physiotherapy

Invited Speaker: Dharsha Petrie

4.05pm

Dial-a-Dizzy: a new emergent vertigo hotline for rural and remote emergency departments

Speaker: Leia Barnes

Cancer, Palliative Care & Lymphoedema
Room: P 1

Theme: Cancer care in clinical practice

3.35pm

How to apply an international guideline for treating / preventing cancer-treatment related oral mucositis

Speaker: Liisa Laakso

4.10pm

Experiences and perspectives of pelvic floor disorders and treatment in women with breast cancer: a qualitative study

Speaker: Udari Colombage

4.15pm

Do cancer survivors maintain health benefits six to twelve months after exercise-based cancer rehabilitation? A systematic review and meta-analysis

Speaker: Germaine Tan

Cardiorespiratory A
Room: M 1 & 2

Theme: Exercise in critical illness and surgery

3.35pm

Year in review: ICU rehabilitation

National Keynote Speaker: Selina Parry

3.50pm

An international clinometric evaluation of the Short Physical Performance Battery test in critically ill individuals: a retrospective observational study

Speaker: Dominic Truong

4.05pm

Investigation of variables affecting the safe application of early active mobilisation for critically ill adults: a systematic review and meta-analysis

Speaker: Michelle Paton

4.10pm

Post-operative management following lower limb free flap and split skin grafting: an Australian perspective

Speaker: Gabriella Sgro

Cardiorespiratory B
Room: GH 4

Theme: Assessment and monitoring of Long-COVID

3.35pm

Remote monitoring and Long COVID symptom burden: making invisible illness visible

International Keynote Speaker: David Putrino

4.10pm

Validity of the 40-step test and one minute sit-to-stand test for hospitalised patients with COVID-19: an observational study

Speaker: Myvanwy Merrett

Gerontology
Room: P 3 & 4

Theme: Innovation digitisation telehealth and AI

3.35pm

Beyond the hype: real-world lessons for clinical practice from digital health innovation and artificial intelligence implementation in frontline services

Invited Speaker: Steven McPhail

4.05pm

Panel discussion

Musculoskeletal A
Room: P 2

Theme: Expertise amongst musculoskeletal physiotherapists

3.35pm

How diverse expertise amongst musculoskeletal (MSK) physiotherapists can be used to implement models of care for musculoskeletal disorders

Speaker: Trudy Rebeck

4.05pm

Barriers and facilitators of early referral to specialist musculoskeletal physiotherapists: perspectives of allied health and medical professionals

Speaker: Sonia Coates

Musculoskeletal B
Room: P 9

Theme: Upper cervical spine joint instability management (Symposium)

3.35pm

Is there a relationship between sagittal cervical spine mobility and generalised joint hypermobility? A cross-sectional study of 1000 healthy Australians

Speaker: Clifton Chan

3.50pm

Reference values of four measures of craniocervical stability using upright dynamic magnetic resonance imaging

Speaker: Clifton Chan

4.05pm

Presentation and physical therapy management of upper cervical instability in adults with symptomatic generalized joint hypermobility: International expert consensus recommendations

Speaker: Sharon Hennessey

PLENARY 4: 4.35 - 5.35PM

Room: GH 1 & 2

Honoured members presentation

College Graduation

College founder's address

Invited Speaker: Trudy Rebeck

<p>Musculoskeletal C Room: P 11</p> <p>Theme: Care and concepts in knee and foot pain</p> <p>3.35pm</p> <p>Psychological factors and pain characteristics, not foot factors, are associated with worse long-term outcomes in chronic plantar heel pain Speaker: Jason Rogers</p> <p>3.50pm</p> <p>Prevalence, severity and impact of foot pain during pregnancy and postpartum: the Queensland Family Cohort study Speaker: Dilani Mendis</p> <p>4.05pm</p> <p>The relationship between allostatic load and pain and physical function in individuals with knee or hand pain: a cross-sectional study Speaker: Sarah Schwetlik</p>	<p>Neurology A Room: GH 3</p> <p>Theme: Multiple Sclerosis</p> <p>3.35pm</p> <p>Flexible exercise participation program for people with Multiple Sclerosis Invited Speaker: Moira Smith</p> <p>4.05pm</p> <p>Stronger together. Harnessing the power of international collaborations to drive change National Keynote Speaker: Coralie English</p>	<p>Neurology B Room: P 6</p> <p>Theme: Physical activity in stroke 2</p> <p>3.35pm</p> <p>How to increase self-efficacy and self-management to improve physical activity levels in stroke survivors Speaker: Simone Dorsch</p> <p>4.05pm</p> <p>Evaluating feasibility of a secondary stroke prevention program Speaker: Jannette Blennerhassett</p>	<p>Occupational Health Room: P 7</p> <p>Theme: Work injury management and MSD</p> <p>3.35pm</p> <p>Patterns of physiotherapy attendance by compensated Australian workers with LBD: a retrospective study Speaker: Michael Di Donato</p> <p>3.50pm</p> <p>Work related outcomes in individuals with and without lower limb arthritis: an online survey Speaker: Yousef Aloyusef</p> <p>4.05pm</p> <p>Sex-specific differences in fit between two different types of body armour: a pilot study Speaker: Sharne Louise Tiller</p>	<p>Physiotherapy General Room: P 8</p> <p>Theme: Physical activity</p> <p>3.35pm</p> <p>Effectiveness of physical activity interventions for improving depression, anxiety and distress Speaker: Emily Eglitis</p> <p>3.50pm</p> <p>Changes in daily step count in new lower limb prosthetic users within the first three months after inpatient prosthetic rehabilitation Speaker: Heather Batten</p> <p>4.05pm</p> <p>What should all health professionals know about movement behaviour change? An international Delphi-based consensus statement Speaker: Tahlia Alsop</p> <p>4.10pm</p> <p>Designing physical activity interventions for women aged 50+ : a qualitative study of participant perspectives Speaker: Geraldine Wallbank</p> <p>4.15pm</p> <p>Levels of physical activity and sedentary behaviour during and after hospitalisation: a systematic review Speaker: Kate Behm</p>	<p>Sports & Exercise Room: P 10</p> <p>Theme: Physical activity</p> <p>3.35pm</p> <p>The moderating role of kinesiophobia on the association between daily pain and physical activity in people with Achilles tendinopathy Speaker: Sanam Tavakkoli Oskouei</p> <p>3.50pm</p> <p>Considering patient preferences, accountability strategies and health-coaching to optimise adherence to an individualised and progressive walking program: a qualitative study Speaker: Natasha Pocovi</p>	<p>Women's, Men's & Pelvic Health Room: P5</p> <p>Theme: Persistent pelvic pain</p> <p>3.35pm</p> <p>Patient perspectives on missed opportunities and barriers during the diagnostic journey: a mixed method cross-sectional study on endometriosis in Australia Speaker: Kimia Sharifi Nasab</p> <p>3.50pm</p> <p>Is the 3PSQ a good measure of the psychological risk profile in people with persistent pelvic pain? Speaker: Leanne Slater</p> <p>4.05pm</p> <p>The development and content validity of the Fremantle Perineal Awareness Questionnaire in people with PPP Speaker: Amanda Hardy</p> <p>4.10pm</p> <p>Effectiveness of conservative therapies in women with endometriosis-associated pain: a systematic review Speaker: Elise Fraser</p>	<p>International Keynote Room: GH 1 & 2</p> <p>3.35pm</p> <p>Theme: Promoting capacities for future adult roles and healthy adult living beginning in childhood</p> <p>Lifecourse health development of individuals with neurodevelopmental conditions: visualizing a preferred future International Keynote Speaker: Robert Palisano</p>

Saturday 7 October 2023

Program correct at time of publication

PLENARY 5: 8.30 - 10.00AM

Room: GH 1 & 2

8.30 - 9.00am

Journal of Physiotherapy Rob Herbert Oration

Are technology infused models of care the future of physiotherapy practice?

Invited Speaker: Trevor Russell

9.00 - 10.00am

Why me? All physios have a role in reconciliation and Aboriginal and Torres Strait Islander health

Keynote Speakers: Scott Willis, Janine Mohamed, Donna Murray

MORNING TEA: 10.00 - 10.30AM

CONCURRENT SESSION 9: 10.35 - 11.35AM

Cardiorespiratory A

Room: P 9

Theme: Optimising surgical outcomes and after-hours physiotherapy

10.35am

Chest infection prevalence after surgery (CHESTY): an international multi-centre prospective observational cohort study
Invited Speaker: Ianthe Boden

11.05am

Is telehealth a feasible model to deliver pre-operative physiotherapy education to patients undergoing elective upper abdominal surgery? A prospective study
Speaker: Dinali Daluwatte

11.10am

Physio at night: treatment delivered by physiotherapists during after-hour on-call and evening shifts
Speaker: Claire Hackett

11.25am

Digital resources providing real-time respiratory equipment support to the on-call physiotherapists at the bedside
Speaker: Caspian Snoswell

Cardiorespiratory B

Room: P 8

Theme: Rehabilitation in cancer, lung disease and long-COVID

10.35am

The lived experience of participating in lung cancer exercise programs: a qualitative evidence synthesis
Speaker: Georgina Whish-Wilson

10.50am

Student-delivered pulmonary rehabilitation is feasibility in people with chronic respiratory disease: a retrospective pre-post cohort study
Speaker: Kathleen Hall

11.05am

Pulmonary rehabilitation for people following COVID-19: an observational study
Speaker: Meredith King

11.20am

Feasibility of group-based telerehabilitation for Long-COVID
Speaker: Meredith King

Musculoskeletal A

Room: GH 3

Theme: Musculoskeletal health burden - thinking globally, acting locally

10.35am

Responding to the global burden of musculoskeletal conditions, it's everyone's responsibility
International Keynote Speaker: Laura Finucane

Musculoskeletal B

Room: P 11

Theme: Tendinopathy and exercise for musculoskeletal conditions

10.35am

Behavioural approaches to adherence in exercise-based rehabilitation for adults with tendinopathy: a scoping review
Speaker: Rebecca Phillips

10.50am

Does exercise with or without manual therapy influence sensory characteristics in people with elbow tendinopathy? A single-blinded, randomised cross-over trial
Speaker: Leanne Bisset

11.00am

Targeted exercise in physiotherapy practice reduces risk of osteoporotic fracture
Speaker: Belinda Beck

11.15am

Exercise adherence in trials of therapeutic exercise interventions for common musculoskeletal conditions: a scoping review
Speaker: Matthew Kenny

Occupational Health

Room: P 3 & 4

Theme: Hybrid work, good work design, injury prevention

10.35am

Characteristics of working from home and the impact on work and health outcomes in knowledge workers
Invited Speaker: Elise Gane

Paediatric

Room: P 1

Theme: Function and it's limiting factors in paediatrics

10.35am

"Making a move" on function and participation in achondroplasia
Invited Speaker: Penny Ireland

11.00am

Chronic musculoskeletal pain of the lower limb in children and adolescents: a scoping review of health conditions
Speaker: Verity Pacey

11.15am

Are falls in pre-adolescent girls related to balance or adiposity?
Speaker: Maragarita Tsiros

11.30am

What is the contribution of hypotonia to motor activity capacity in school-aged children?
Speaker: Leanne Johnston

<p>Pain Room: P 2</p> <p>Theme: New guidelines, developmental trajectories, and clinical pathways for people with whiplash (Symposium)</p> <p>10.35am</p> <p>New Australian treatment guidelines for managing people with acute or chronic whiplash-associated-disorders (whiplash) Speaker: Christopher Papic</p> <p>10.50am</p> <p>Developmental trajectories of cold pain sensitivity but not mechanical pain sensitivity co-develop with disability following whiplash injury Speaker: Michele Sterling</p> <p>11.05am</p> <p>Implementation of a risk- stratified, guideline-based clinical pathway of care to improve health outcomes for whiplash: a multi-centre randomised controlled trial Speaker: Trudy Rebbeck</p> <p>11.20am</p> <p>Q & A</p>	<p>Physiotherapy General A Room: P 7</p> <p>Theme: Clinical education</p> <p>10.35am</p> <p>An interactive clinical supervision training program may improve the effectiveness of clinical supervision of physiotherapists: a randomised controlled trial Speaker: Sarah Osiurak</p> <p>10.50am</p> <p>Comparison of a novel Hybrid and Traditional clinical physiotherapy placement model Speaker: Jannette Blennerhassett</p> <p>11.05am</p> <p>Predicting student failure in Physiotherapy musculoskeletal clinical placements: a machine learning approach Speaker: Angie Fearon</p> <p>11.20am</p> <p>Patient satisfaction associated with student-led physiotherapy health clinics Speaker: Samantha Randall</p>	<p>Physiotherapy General B Room: P 10</p> <p>Theme: Technology/ telehealth</p> <p>10.35am</p> <p>Exploring readiness to engage in telehealth among adults accessing physiotherapy outpatient services in the Greater Western Sydney region beyond COVID-19 Speaker: Clarice Tang</p> <p>10.50am</p> <p>Attendance, adherence and satisfaction with telerehabilitation delivered physiotherapy: a systematic review and meta-analysis Speaker: Joshua Simmich</p> <p>11.05am</p> <p>How to keep your patient information secure in a rapidly changing digital world Speaker: Joel Friedlander</p>	<p>Physiotherapy General C Room: P 5</p> <p>Theme: Journal of Physiotherapy</p> <p>10.35am</p> <p>Writing for Publication workshop Invited Speaker: Mark Elkins</p>	<p>Sports & Exercise A Room: GH 4</p> <p>Theme: Injury prevention and performance in sport</p> <p>10.35am</p> <p>Injury prevention and management in elite and community sport – can physiotherapy help to address Australia’s billion-dollar problem? Invited Speaker: Liam Toohy</p> <p>11.05am</p> <p>Performance in sport is the ultimate outcome measure. How do we measure ourselves in the context of performance as a goal? Invited Speaker: Ben Raysmith</p>	<p>Sports & Exercise B Room: M 1 & 2</p> <p>Theme: Surgical management of ACL injuries</p> <p>10.35am</p> <p>Surgical decision making in the acute ACL injured Invited Speaker: Chris Vertullo</p> <p>11.20am</p> <p>Panel: Chris Vertullo, Jane Rooney, Kay Crossley</p>	<p>Women’s, Men’s & Pelvic Health Room: M 3</p> <p>Theme: Men’s health</p> <p>10.35am</p> <p>Prepare, heal perform: two-year outcomes from a perioperative pelvic floor muscle training protocol for the prevention/management of post-prostatectomy incontinence Speaker: John Fitzgerald</p> <p>10.50am</p> <p>New innovations in rehabilitation of men’s pelvic health conditions Invited Speaker: Paul Hodges</p> <p>11.20am</p> <p>Psychosocial impact of sexual dysfunction related to prostate cancer treatment in South African men Speaker: Pierre Roscher</p>	<p>International Keynote Room: GH 1 & 2</p> <p>Theme: Vestibular dysfunction</p> <p>10.35am</p> <p>Dizziness, falls, and the clinical exam: what’s new that can help advance practice? International Keynote Speaker: Susan Whitney</p>

CONCURRENT SESSION 10: 11.40AM - 12.40PM

Cardiorespiratory A Room: P 9	Cardiorespiratory B Room: P 8	Gerontology Room: M1 & 2	Musculoskeletal A Room: P 11	Musculoskeletal B Room: GH 3	Neurology A Room: P 7	Neurology B Room: GH 4
Theme: Update in trauma and burns management	Theme: Cardiac disease and airway clearance therapy options	Theme: BPPV	Theme: Clinical reasoning and patient perspectives	Theme: Inclusive practice tips	Theme: Stroke	Theme: Vestibular dysfunction and MS
11.40am	11.40am	11.40am	11.40am	11.40am	11.40am	11.40am
Cardiorespiratory physiotherapy in trauma care Invited Speaker: Peter Thomas	Evolution of latent rheumatic heart disease in children and youth aged <25 years: a systematic review and meta-analysis of global data Speaker: Carl Francia	Many older adults in sub-acute rehabilitation have vestibular dysfunction on clinical assessment but few report dizziness when moving Speaker: Ann Rahmann	Exercise your clinical reasoning: Improving patient outcomes by sharpening the tools you already have Speaker: Tim Mitchell	Pathways towards working inclusively with LGBTQIA+ clients: where to from here? Invited Speaker: Megan Ross	Are current self-efficacy measures reliable and valid for stroke survivors? Measuring and understanding confidence for physical activity post stroke Speaker: Karl Espernberger	‘The EYES have it’: how to achieve BPPV treatment success when the nystagmus does not make sense (a case-based exploration) Speaker: Leia Barnes
12.10pm	11.55am	11.55am	12.10pm	12.10pm	11.55am	12.10pm
A six-week physiotherapy exercise program delivered via home-based telerehabilitation is comparable to in-person programs for patients with burn injuries Speaker: Anita Plaza	Improving Rehabilitation EngAgement in Chronic Heart failure with PhysioTherapy (the REACH-PT study) Speaker: Katie Palmer	The worse your hearing the worse your balance: a systematic review and meta-analysis Speaker: Jacinta Foster	The perceptions of individuals with musculoskeletal disorders towards prognosis: an exploratory qualitative study Speaker: Nicholas Mullen	Neurodiversity affirming practice for physiotherapists Speaker: Carrie Taylor	Knowledge, attitudes and needs of stroke survivors, carers, and health professionals regarding exercise adherence Speaker: Tamina Levy	Non-invasive brain stimulation enhances the effect of physiotherapy for balance and mobility impairment in people with Multiple Sclerosis. Speaker: Claire Tucak
12.25pm	12.00pm	12.10pm	12.25pm	12.25pm	12.10pm	12.25pm
Enablers and barriers to participation in physical activity programs while hospitalised after burn injury: the patient perspective Speaker: Anita Plaza	How to use Intrapulmonary Percussive Ventilation (IPV) in the clinical setting Speaker: Joanne Leavitt	Differences in vestibular function in older adults with hearing loss, with and without a history of dizziness, or vertigo Speaker: Jacinta Foster	A qualitative investigation of patient perspectives of care pathways for people with low back pain Speaker: Anton Mikhailov	High dosage training can be achieved in a post-stroke mobility booster program Speaker: Elisha Ball	Acceptability of a hybrid telehealth falls prevention intervention for people with stroke transitioning home Speaker: Kelly Bower	Telehealth for persons with multiple sclerosis – experiences and suggestions for improvement Speaker: Yvonne Learmonth
12.25pm	12.25pm	12.25pm	12.25pm	12.25pm	12.25pm	12.25pm
Year in review: airway clearance therapy in suppurative lung disease Invited Speaker: Nathan Ward	Targeted Acute Rehabilitation Program (TARP) increases discharges directly home and improves functional mobility in acute hospitalised inpatients Speaker: James Walker	Targeted Acute Rehabilitation Program (TARP) increases discharges directly home and improves functional mobility in acute hospitalised inpatients Speaker: James Walker	Q & A	Devices used for shoulder subluxation in a stroke population: a systematic review Speaker: Philip Abery	12.30pm	12.30pm
12.30pm	12.30pm	12.30pm	12.30pm	12.35pm	12.30pm	12.35pm
Q & A	Q & A	Q & A	Q & A	Portable wearable upper limb exoskeletons on activities of daily living and motor function after stroke: a systematic review and meta-analysis Speaker: Philip Abery	High dosage training can be achieved in a post-stroke mobility booster program Speaker: Elisha Ball	12.35pm

<p>Occupational Health Room: P 3 & 4</p> <p>Theme: Workers compensation communication overcoming barriers</p> <p>11.40am</p> <p>How to add value and facilitate change when communicating with case managers in workers compensation setting Speaker: Ruchi Patel</p> <p>12.10pm</p> <p>Discussion</p>	<p>Paediatric A Room: P 1</p> <p>Theme: Paediatric orthopaedics</p> <p>11.40am</p> <p>The Ponseti method for management of clubfoot results in poor outcomes in the NT Speaker: Kelly Paterson</p> <p>11.55am</p> <p>Outcomes of abduction dorsiflexion mechanism brace in children with congenital talipes equinovarus Speaker: Alison Chivers</p> <p>12.10pm</p> <p>Tendoachilles tenotomy rate and timing in infants with idiopathic congenital talipes equinovarus in a quaternary children's health service Speaker: Julia Christensen</p> <p>12.15pm</p> <p>Baseline characteristics of 250 paediatric patients with anterior cruciate ligament injuries: examination of data from a multidisciplinary longitudinal prospective registry Speaker: Kylie Bradford</p> <p>12.30pm</p> <p>Development of a patient decision aid for children and adolescents following anterior cruciate ligament rupture: an international mixed-methods study Speaker: Andrew Gamble</p> <p>12.35pm</p> <p>Can hypotonia in children be quantified using resting shear modulus collected using ultrasound Shear Wave Elastography? Speaker: Leanne Johnston</p>	<p>Paediatric B Room: P 10</p> <p>Theme: Neurodevelopmental assessment and outcomes</p> <p>11.40am</p> <p>Development of gross motor function of preterm born children according to gestational age at birth: a systematic review Speaker: Ankita Surpal</p> <p>11.45am</p> <p>Is the Targeted Motor Control screening tool a valid neurosensory measure for 4-year-old children? Speaker: Laura Brown</p> <p>11.50am</p> <p>How to identify mild developmental delay in children using a new screening tool Speaker: Amanda Bacon</p> <p>12.20pm</p> <p>To identify clinical measures of postural control for children with Developmental Coordination Disorder (DCD) and their psychometric and clinical properties Speaker: Ben Liversidge</p> <p>12.25pm</p> <p>Physiotherapists have a key role in movement assessment in autism Speaker: Lisa Truscott</p> <p>12.30pm</p> <p>Initial validation of the Ignite Challenge assessment for autistic children and youth Speaker: Kerry Evans</p> <p>12.35pm</p> <p>Effect of physical activity interventions on cognitive, academic and physical performance outcomes in children with neurodevelopmental disorders: a systematic review Speaker: Rachael Williams</p>	<p>Pain Room: GH 1 & 2</p> <p>Theme: Persistent pain</p> <p>11.40am</p> <p>Psychologically informed physiotherapy and persistent pain Invited Speaker: Anne Daly</p>	<p>Physiotherapy General Room: P 5</p> <p>Theme: Research methods</p> <p>11.40am</p> <p>Studies in leading physiotherapy journals commonly make inappropriate conclusions regarding treatment effect modifiers. A systematic review Speaker: Tayla Douglas</p> <p>11.55am</p> <p>Sluggish adoption of simple methods that reduce bias: a longitudinal analysis of 35,653 physiotherapy trials Speaker: Geraldine Wallbank</p> <p>12.10pm</p> <p>How to search PEDro to answer clinical questions Speaker: Joshua Zadro</p>	<p>Sports & Exercise Room: P 2</p> <p>Theme: Hip</p> <p>11.40am</p> <p>Hip dysplasia - tips for clinical assessment Speaker: Michael O'Brien</p>	<p>Women's, Men's & Pelvic Health A Room: P 6</p> <p>Theme: Where medical clinics and physiotherapy intersect</p> <p>11.40am</p> <p>Early intervention gynaecology service Speaker: Laura Worthing</p> <p>11.55am</p> <p>Feasibility of pelvic floor screening during the preadmission assessment within the gynae-oncology preadmission clinic at a quaternary Women's Hospital Speaker: Kelly Laity</p> <p>12.00pm</p> <p>Preliminary consideration for physio service within an existing medical menopause clinic Speaker: Kimia Sharifi Nasab</p> <p>12.05pm</p> <p>How to embed physiotherapy within an existing tertiary hospital menopause clinic Speaker: Hannah Graetz</p>	<p>Women's, Men's & Pelvic Health B Room: M 3</p> <p>Theme: Indigenous health</p> <p>11.40am</p> <p>Pelvic health care for Aboriginal and Torres Strait Islander men and women: barriers and opportunities Speaker: Marisa Joseph</p> <p>11.55am</p> <p>Health equity in practice: the story of the women's business shared pathway Invited Speaker: Edwina Powe</p> <p>12.25pm</p> <p>Women's and men's health physiotherapy in regional, rural and remote Australia Speaker: Kerstin McPherson</p>
---	--	--	---	---	---	---	---

LUNCH: 12.40 - 1.40PM

E-POSTER PRESENTATION: 12.50 - 1.32PM. See full schedule on pages 30-33

CONCURRENT SESSION 11: 1.40 - 2.25PM

Cardiorespiratory A Room: M 3	Cardiorespiratory B Room: P 2	Gerontology Room: GH 4	Musculoskeletal A Room: P 3 & 4	Musculoskeletal B	Musculoskeletal C Room: P 7	Neurology A Room: P 10
<p>Theme: Empowering physiotherapists in acute care</p> <p>1.40pm</p> <p>Time to step up: why hospital inpatients are so inactive and how physiotherapists can lead change Invited Speaker: Julie Adsett</p> <p>2.10pm</p> <p>Development of valid, reliable tools for evaluating self-reported knowledge, confidence and clinical practice in acute cardiorespiratory physiotherapists Speaker: Katie Palmer</p>	<p>Theme: Measuring exertional breathlessness in cardiopulmonary disease (Symposium)</p> <p>1.40pm</p> <p>Fixed intensity exercise tests to measure exertional dyspnoea in chronic heart and lung populations: a systematic review Speaker: Tanya Palmer</p> <p>1.55pm</p> <p>The Dyspnoea Challenge: The development of a test to measure exertional breathlessness in chronic lung disease Speaker: Norman Morris</p> <p>2.10pm</p> <p>Exertional Dyspnoea responses to the Dyspnoea Challenge in heart failure: comparison to chronic obstructive pulmonary disease Speaker: Norman Morris</p>	<p>Theme: Frailty</p> <p>1.40pm</p> <p>Inflammaging: an update on mechanisms and management Invited Speaker: Emily Gordon</p> <p>2.10pm</p> <p>Exploring the relationship between frailty and physical function recovery for people in hospital who received a physiotherapy Early Rehabilitation program Speaker: Jennifer Jones</p>	<p>Theme: Care of the ruptured ACL, knee and patellofemoral pain</p> <p>1.40pm</p> <p>A ruptured ACL can heal without surgery: implications for physiotherapy practice Invited Speaker: Stephanie Filbay</p> <p>2.10pm</p> <p>The immediate effects of a flat, flexible school shoe on knee and patellofemoral joint load in adolescents with patellofemoral pain Speaker: Natalie Mazzella</p>	<p>Theme: Service delivery and pain Room: P 6</p> <p>1.40pm</p> <p>Physiotherapist-administered performance-based tests via telehealth in people with chronic lower limb musculoskeletal disorders: test-retest reliability and agreement with in-person assessment Speaker: Belinda Lawford</p> <p>1.55pm</p> <p>Predicting recurrence in patients recently recovered from non-specific low back pain: development and validation of a multivariable prediction model Speaker: Natasha Pocovi</p> <p>2.10pm</p> <p>A shoulder/elbow triage and assessment model of care reduced a public orthopaedic shoulder/elbow clinic waitlist with high patient satisfaction Speaker: Christos Avdalis</p> <p>2.15pm</p> <p>A scoping review on the role of resilience on function and movement-evoked pain when experiencing a musculoskeletal injury Speaker: Elise Robinson</p>	<p>Theme: Upper cervical spine instability and musculoskeletal care pathways</p> <p>1.40pm</p> <p>How to clinically assess and plan a movement rehabilitation strategy for people with mild to moderate upper cervical instability Speaker: Mark Comerford</p> <p>2.10pm</p> <p>Impact of an interactive workshop on specialist physiotherapists' practice when implementing a new clinical pathway Speaker: Kwangil Kang</p> <p>2.15pm</p> <p>Agreement between the Keele STarT MSK Tool and the SF-ÖMSPQ in people with musculoskeletal pain in Australian primary care Speaker: Kwangil Kang</p>	<p>Theme: Neuromuscular and movement disorders</p> <p>1.40pm</p> <p>Perspectives of people with myasthenia gravis on physical activity and experience of advice from health professionals: a qualitative Australian study Speaker: Tahlia Alsop</p> <p>1.55pm</p> <p>Spatiotemporal gait parameters in adults with premanifest and manifest Huntington's Disease: a systematic review Speaker: Sasha Browning</p> <p>2.10pm</p> <p>Telehealth empowered people living with Parkinson's disease during COVID-19: a phenomenological study of patient and therapist experiences Speaker: Eloise Harrison</p>

<p>Neurology B Room: GH 1 & 2</p> <p>Theme: Brain injury</p> <p>1.40pm</p> <p>Task-specific resistance training for mobility in acquired brain injury Invited Speaker: Gavin Williams</p>	<p>Paediatric Room: P 3 & 4</p> <p>Theme: Co-designing research and implementing evidence</p> <p>1.40pm</p> <p>Consumer involvement: the why, how, when, and who of developing partnerships with consumers in research and practice Invited Speaker: Margaret Wallen</p> <p>2.05pm</p> <p>Using participatory approaches in healthcare research - enabling the child's voice to be heard Speaker: Kristen Andrews</p> <p>2.10pm</p> <p>A guide for therapists working with infants and children with neonatal brachial plexus disorder Speaker: Alison Chivers</p>	<p>Pain Room: P 1</p> <p>Theme: Pain programs and diverse populations</p> <p>1.40pm</p> <p>Group facilitation skills: how to run group programs Speaker: Laura Bruggink</p> <p>2.20pm</p> <p>Effects of exercise on pain in people with Parkinson's disease: a systematic review Speaker: Vanessa Nguy</p>	<p>Physiotherapy General A Room: P 11</p> <p>Theme: Indigenous health education</p> <p>1.40pm</p> <p>Design and delivery of cultural safety assessment in a First Nations context Speaker: Ellie White</p> <p>2.05pm</p> <p>Evaluation of an integrated, interactive Aboriginal health curriculum to support physiotherapy students' experience and development of cultural capabilities Speaker: Anna Phillips</p> <p>2.20pm</p> <p>Creating positive clinical placement experiences for Indigenous students completing the National Aboriginal and Torres Islander Health Academy program. Speaker: Rowan McIntyre</p>	<p>Physiotherapy General B Room: P 5</p> <p>Theme: Implementation and effectiveness of the 'My Therapy' randomised trial (Symposium)</p> <p>1.40pm</p> <p>Implementation of the My Therapy program: a mixed-methods process evaluation Speaker: Sara Whittaker</p> <p>1.55pm</p> <p>Patients' and caregivers' perceptions of participating in self-directed activity outside supervised therapy within inpatient rehabilitation settings: a qualitative study Speaker: Christina Ekegren</p> <p>2.10pm</p> <p>Clinical effectiveness of self-directed therapy for adults receiving inpatient rehabilitation: the 'My Therapy' stepped wedge cluster randomised trial Speaker: Natasha Brusco</p>	<p>Sports & Exercise A Room: GH 3</p> <p>Theme: Hip-related pain</p> <p>1.40pm</p> <p>How can we provide contemporary physiotherapy management for hip-related pain in women? Invited Speaker: Joanne Kemp</p>	<p>Sports & Exercise B Room: M 1 & 2</p> <p>Theme: From head to toe: an evidence update</p> <p>1.40pm</p> <p>The effect of physical interventions on the intrinsic foot muscles: a systematic review and meta-analysis Speaker: Melinda Smith</p> <p>1.55pm</p> <p>Effectiveness of pharmacological and non-pharmacological treatments for acute concussion symptoms in adults: a systematic review of randomised controlled trials Speaker: Christopher Musgrave</p> <p>2.10pm</p> <p>Physiotherapy (cervical manual therapy, vestibular/ oculomotor therapy or exercise) improves outcomes following a concussion: a systematic review and meta-analysis Speaker: Sue Reid</p>	<p>Women's, Men's & Pelvic Health Room: P 9</p> <p>Theme: Physical activity and exercise</p> <p>1.40pm</p> <p>Lifting after vaginal delivery Invited Speaker: Lori Forner</p> <p>2.10pm</p> <p>From forceps to FAB: evaluating how to provide best follow up care after birth Speaker: Giulia Casson</p> <p>2.20pm</p> <p>Effect of vertical loading impact activities on measures of pelvic floor function/activity in adult females: a systematic review Speaker: Kerstin McPherson</p>
--	---	--	---	---	---	---	--

CONCURRENT SESSION 12: 2.30 - 3.15PM

<p>Acupuncture & Dry Needling Room: P 6</p> <p>Theme: Tai Chi and acupuncture for elbow pain</p> <p>2.30pm</p> <p>Managing modern complex health problems with an ancient mindfulness art-tai chi. What does the evidence tell us? Invited Speaker: Jenny Lucy</p> <p>2.55pm</p> <p>Acupuncture treatment of lateral elbow pain: a multi-site RCT Speaker: Chris Zaslowski</p>	<p>Advanced Practice Room: P 2</p> <p>Theme: What's new in emergency department advanced physiotherapy practice?</p> <p>2:30pm</p> <p>How are clinically unimportant terms in lumbar spine imaging reports identified? A content analysis of x-ray, CT and MRI reports Speaker: Caitlin Farmer</p> <p>2.50pm</p> <p>Time to analgesia for musculoskeletal presentations in Tasmanian EDs: a case controlled observational study investigating Advanced Practice Physiotherapists impact Speaker: Dave Jovic</p> <p>2.55pm</p> <p>Adherence to recommended guidelines for low back pain presentations to an Australian Emergency Department: barriers and enablers Speaker: Janelle Heine</p> <p>3.00pm</p> <p>Predictors of hospitalisation for non-specific low back pain: a systematic review Speaker: Joseph Orlando</p> <p>3.05pm</p> <p>Barriers and enablers to virtual hospital care for low back pain: a qualitative study Speaker: Alla Melman</p>	<p>Cardiorespiratory Room: M 3</p> <p>Theme: Physiotherapy staffing and awards</p> <p>2.30pm</p> <p>Workforce planning for physiotherapists in the acute hospital setting Invited Speaker: Peter Thomas</p> <p>3.00pm</p> <p>Final wrap up and prize presentation Speaker: Annemarie Lee</p>	<p>Gerontology Room: GH 4</p> <p>Theme: BPPV assessment and monitoring balance intensity</p> <p>2.30pm</p> <p>Feasibility of implementing Benign Paroxysmal Positional Vertigo (BPPV) assessment and intervention for subacute inpatient older adults with a falls history Speaker: Wendy Bower</p> <p>2.45pm</p> <p>How to - How therapists and exercisers can monitor balance exercise intensity - the Balance Intensity Scale in practice Speaker: Melanie Farlie</p>	<p>Musculoskeletal A Room: GH 3</p> <p>Theme: Exercise prescription and strength</p> <p>2.30pm</p> <p>Safe, competent, and strong: a simple guide for physiotherapists prescribing gym-based rehabilitation Speaker: Mervyn Travers</p> <p>3.00pm</p> <p>Force-generating capacity of hip muscles (volume and fatty infiltration) in people with unilateral knee osteoarthritis and its association to function Speaker: Andrew Hislop</p>	<p>Musculoskeletal B Room: P 7</p> <p>Theme: Temporomandibular joint disorders</p> <p>2.30pm</p> <p>Performance of key physical tests for temporomandibular disorder via telehealth: establishing validity and reliability Speaker: Michelle Cottrell</p> <p>2.45pm</p> <p>Management experiences, needs and preferences of adults with persistent intra-articular temporomandibular disorders Speaker: Alana Dinsdale</p> <p>3.00pm</p> <p>"What if it doesn't unlock?": a qualitative study into the lived experiences of adults with persistent intra-articular temporomandibular disorders Speaker: Alana Dinsdale</p>	<p>Neurology A Room: P 10</p> <p>Theme: Neurological rehabilitation</p> <p>2.30pm</p> <p>Does the intramuscular injection of Botulinum Neurotoxin-A induce muscular weakness in adult-onset neurological patients with focal spasticity? A systematic review Speaker: Renee Gill</p> <p>2.35pm</p> <p>Finding the right balance with exercise and sport for people with multiple sclerosis - a feasibility study Speaker: Moira Smith</p> <p>2.40pm</p> <p>Factors impacting the uptake and adherence of mHealth technology by adult stroke survivors in community settings: a scoping review Speaker: Nia Luxton</p> <p>2.45pm</p> <p>Is game-based robotics training an alternative to improve upper limb function and independence after stroke? Speaker: Esminio Ii Rivera</p>

AFTERNOON TEA: 3.15 - 3.55PM

PLENARY 6: 4.00 - 5.00PM

Room: GH 1 & 2

Diversity, equity and inclusion
Keynote Speaker: Holly Ransom

Conference close

CONFERENCE DINNER: 7.00 - 11.30PM

Rock around the clock

<p>Neurology B Room: GH 1 & 2</p> <p>Theme: Parkinson's Disease and Conference close</p> <p>2.30pm</p> <p>Improving physical activity in people with Parkinson's disease Invited Speaker: Sandy Brauer</p> <p>3.00pm</p> <p>National Neurology Group thank you and Conference Awards Speaker: NNG Chair and Conference Chair</p>	<p>Paediatric Room: P 3 & 4</p> <p>Theme: Physical activity participation</p> <p>2.30pm</p> <p>Machine learning for sensor-enabled activity recognition and habitual physical activity assessment in children and adolescents with neuro-impairment Invited Speaker: Stewart Trost</p> <p>2.55pm</p> <p>What does sports participation look like? Identifying indicators of sport and physical recreation participation for children with disabilities: an e-Delphi Speaker: Georgina Clutterbuck</p> <p>3.10pm</p> <p>Feasibility and characteristics of long-term, community-based physical activity monitoring for children with cystic fibrosis using consumer grade devices Speaker: Ray Lang</p>	<p>Pain Room: P 1</p> <p>Theme: Response to managing pain</p> <p>2.30pm</p> <p>Identifying patient characteristics influencing response to management of painful musculoskeletal disorders Invited Speaker: Shaun O'Leary</p> <p>3.05pm</p> <p>Heightened pain sensitivity is associated with greater shoulder disability in people with musculoskeletal shoulder symptoms: a cross-sectional study Speaker: Leanda McKenna</p>	<p>Physiotherapy General A Room: P 8</p> <p>Theme: Moving evidence-based high value care from policy to practice (Symposium)</p> <p>2.30pm</p> <p>A rapid review of high value care definitions Speaker: Nicole Manvell</p> <p>2.45pm</p> <p>A consensus statement on the definition and application of high value care for musculoskeletal conditions Speaker: Connor Gleadhill</p> <p>3.00pm</p> <p>A mixed methods study on physiotherapists barriers and enablers to evidence-based care provision Speaker: Connor Gleadhill</p>	<p>Physiotherapy General B Room: P 11</p> <p>Theme: Utilising digital tools in the clinic for improved outcomes</p> <p>2.30pm</p> <p>How can technology help in ACL rehabilitation? Augmenting clinical decision-making and maximising outcomes with the right digital tools Speaker: Jane Rooney</p> <p>2.45pm</p> <p>How can hand held dynamometry assist clinical decision making for people with neurological conditions? Speaker: Gavin Williams</p> <p>3.00pm</p> <p>Q & A</p>	<p>Physiotherapy General C Room: P 5</p> <p>Theme: Journal of Physiotherapy</p> <p>2.30pm</p> <p>JoP Meet the editor Invited Speaker: Mark Elkins</p>	<p>Sports & Exercise Room: M 1 & 2</p> <p>Theme: Hip related pain in football players: an evidence update (Symposium)</p> <p>2.30pm</p> <p>Are hip joint imaging findings, associated with symptoms, and early hip osteoarthritis features in elite male Australian Football League draftees? Speaker: Joshua Heerey</p> <p>2.45pm</p> <p>Are running biomechanics associated with symptom severity or cam morphology size in male football players with FAI syndrome? Speaker: Mark Scholes</p> <p>3.00pm</p> <p>The relationship between muscle strength, functional performance and sport ability in football players with symptomatic hip dysplasia: a cross-sectional study Speaker: Michael O'Brien</p>	<p>Women's, Men's & Pelvic Health Room: P 9</p> <p>Theme: Physiotherapy and gynaecology - providing care together to support women</p> <p>2.30pm</p> <p>Pessary management practices for pelvic organ prolapse among physiotherapists and health care practitioners in Australia: a cross-sectional study Speaker: Katrina McEvoy</p> <p>2.45pm</p> <p>Pelvic floor symptoms, physical activity and health-related quality-of-life after hysterectomy for gynaecological cancer Speaker: Robyn Brennen</p> <p>3.00pm</p> <p>The feasibility of pelvic floor muscle training to treat urinary incontinence in women with breast cancer: a telehealth intervention trial Speaker: Udari Colombage</p> <p>3.05pm</p> <p>An innovative strategy to reduce abdominal girth in older men – a model for positive behavioural change? Speaker: Craig Allingham</p>
